

EOS Invisio Mini

Sauna heater for concealed installation under the sauna benches. For home use.

Compact sauna heater for dry Finnish sauna. Special construction for concealed installation under the sauna benches. Includes safety grill and water infusion set.

Your advantages:

- Space-saving design - only 10 cm required for the screen wall
- Ideal for small saunas, allows more bench space in the cabin
- High user safety thanks to the concealed installation
- Still allows classic water splashes on the rocks - water infusion set with stainless steel funnel is included
- Includes safety grill - reliable protection against objects falling down on the heater
- Optimized heating performance thanks to the special position of heating elements - for faster heat-up times
- Robust construction. Adjustable height (+/- 12 cm)
- Service-friendly construction
- Made in Germany quality from EOS
